BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Brian Blades

Brian Blades has been trimming trees on his family's small ranch since he was young enough to hold a chainsaw. He developed a passion for the outdoors at an early age, hunting and fishing with his dad.

Through the years, he took his love of the outdoors and made it his passion in school and in life. Stephen F. Austin State University provided the perfect atmosphere to develop his interest into a career path.

After graduating with a Bachelor of Science Degree in Forestry with a major in Forest Management, Brian began his career with the Bartlett Tree Expert company working in the field climbing and pruning. He then spent the last year and a half treating trees for various insects and diseases all over Houston, gaining the necessary experience to handle any problem that may arise in Houston's diverse landscape.

When not working Brian spends his time playing the many golf courses around north Houston, hunting or fishing Lake Conroe.
