BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Daniel Howland

Daniel is originally from Arlington, Texas, in the heart of the Dallas metro area. As he grew up, he spent as much time as he could in the country, therefore developing a love for the outdoors and a great respect for plants and wildlife.

As a young man, he earned the rank of Eagle Scout and worked as an interpreter at Philmont Scout Ranch in Northern New Mexico. This lead him to enroll at Northern Arizona University in Flagstaff, Arizona, where he graduated with a Bachelor of Science in Forestry with a Certificate in Forest Health and Restoration. After college, he took a position with Bartlett Tree Experts in the Seattle area, gaining invaluable experience as a Grounds Person, Plant Healthcare Specialist, and Regional Inventory Arborist. Daniel is an ISA Certified Arborist and has earned the Tree Risk Assessment Qualification. He also has a Washington Pesticide Applicator license.

When not working, you will find him hiking, biking, or fishing in the wonderful scenery of the Pacific Northwest.
