BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Erik Adam

Erik was born and raised in Branchburg, New Jersey. He earned a Bachelor of Science in Landscape Architecture from the University of Maryland in 2010. After working in large commercial landscape businesses, he transitioned to the residential design/build segment of the profession. It was there that he discovered his passion for working closely with clients to deliver exceptional landscape installations and customer service. Erik brought 15 years of landscape design and management experience when he joined Bartlett Tree Experts in 2023. He is currently an ISA Certified Arborist.

As an Arborist Representative, Erik helps property owners make informed decisions about the care of their trees and shrubs. In addition to his extensive experience managing landscapes, Erik is backed by the diagnostic resources of the Bartlett Tree Research Laboratories. Whether it is a native landscape or a designed one, Erik finds much satisfaction in the preservation of outdoor spaces.

In his free time, Erik enjoys hiking, flyfishing, and hunting. Most of all, he enjoys spending time with his wife and two children while raising them with a love of the outdoors.
