BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Jamie Lambert

Jamie brings over 25 years of arboriculture experience to the intentional care of trees and landscapes. An ISA Certified Arborist, he has worked with the trees of Downeast Maine since 2000 and joined Bartlett Tree Experts in 2022 when it acquired Savage Forest Enterprise. His work includes caring for historic trees, designing forest management plans, establishing estate-wide treescapes, developing trails, and helping hundreds of clients find the right care for their trees and landscapes. One of Jamie's greatest passions is transforming forested landscapes into intentional woodlands bringing beauty to properties, peace to clients, and lasting health to Maine's forests. A lifelong local, Jamie now manages the area for Bartlett Tree Experts, caring for many of the same trees he grew up with. His deep roots and extensive experience give him a unique perspective on stewardship and community-based tree care.

Jamie is a licensed Maine Arborist and certified through the International Society of Arboriculture (ISA). He serves on the Ellsworth Arbor Commission and works closely with many local organizations as an advisory tree expert.

When he is not working with trees Jamie is an avid outdoorsman, spending his time exploring Maine's great wilderness and relaxing at his camp. He is an assistant coach for the women's varsity soccer team at Ellsworth High School and enjoys sharing the woods and the soccer field with his two daughters.
