BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Kyle Foster

Kyle has always been drawn to nature but working specifically with trees has been his passion since early on. As he began his career as an Arborist, he worked for a few different companies while figuring out his path. He worked hard, studied, and pushed himself until he was able to join the Bartlett Tree Experts team in 2018. This is where he was exposed to the full spectrum of Arboriculture. He spent the next four years excelling as an Arborist Crew Leader and Plant Health Care Specialist and then, with his excellent safety record and strong work ethic, was promoted to Williamsburg's Local Office Safety Coordinator. In this role he trained teammates on proper pruning, climbing, and plant health care techniques. Finally, in the spring of 2023 Kyle was again promoted to be Williamsburg's third Arborist Representative.

As an ISA Certified Arborist with over 15 years of field experience, a VA Registered Technician with a Commercial Applicator License, and having a background as a BSA Eagle Scout, Kyle cares for clients' trees and shrubs. He uses his well-rounded background to holistically manage properties to improve their overall health and beauty.

In his free time Kyle is usually found camping and fishing on a nearby river with friends, tending to his large vegetable and fruit garden, and spending time with his wife Emily and daughter Camryn.
