BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Peter Daly

Peter has a bachelor's degree from DeSales University. His love of horticulture began while working at an established plant nursery in Chester County, Pennsylvania, but it was an opportunity in Norwalk, Connecticut that ignited Peter's passion for arboriculture. He worked for a small, reputable plant health care company that focused on a scientific approach, used critical thinking and emphasized that all business is personal. The production and sales experience he gained there were assets he brought when he joined Bartlett Tree Experts in 2016.

Peter is an ISA Board Certified Arborist, is Tree Risk Assessment Qualified (TRAQ) and is a licensed NJ commercial pesticide applicator. He strives to develop and maintain long-term client relationships, being a resource for them to count on.

Peter lives in Wilmington, Delaware with his wife and two sons. He loves spending time outside with his family, traveling and playing the drums.
