BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Peter Hanlon

Born and raised in Sandwich, Peter is a native Cape Codder, and worked on his family's cranberry bogs from the time he was young. He graduated from the University of Massachusetts Amherst-Stockbridge in 2016 with a Bachelor of Science in Sustainable Agriculture. During college, Peter interned with a Boston-based tree care company and after graduating gained a full-time position there. Soon after, Peter returned to the Cape and his roots, where in 2019 he began his career with Bartlett Tree Experts as a Plant Health Care Specialist.

As an Arborist Representative, Peter serves the Osterville area. Backed by the resources of the Bartlett Research Laboratories, Peter helps clients make informed decisions to maintain the health and beauty of trees and shrubs on their properties.

In his free time, Peter can be found working his cranberry bogs or hitting the slopes in Maine.
