BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Erik Paulsen

After graduating with a degree in Forestry from the University of Minnesota, Erik began his career in city forestry as a tree inspector. In 1998, he moved to a local residential and commercial tree care company named Top Notch Treecare, where he became a field Arborist and eventually a consulting Arborist. Top Notch Tree joined Bartlett Tree Experts in 2009 to become their first office in Minnesota. This change allowed the office to offer better diagnostic resources and be a leader in safety while still offering the customer service of the small office. After 15 years of working in the area in which he grew up, he sees the positive results of caring for the important trees we enjoy. Erik specializes in delivering clients custom soil management as well as insect and disease programs that help their trees thrive in challenging environmental conditions.
