BARTLETT TREE EXPERTS

SCIENTIFIC TREE CARE SINCE 1907

Meet Your Bartlett Arborist Representative

Nick Scaletta

Nick has always had a passion for trees and has been involved with tree care since college. Nick earned a Bachelor's of Science in Forestry from the Pennsylvania State University in 2005. During his college years, Nick made the decision to focus on caring for individual trees and their owners rather than managing entire forests. For this very reason, Nick was attracted to Bartlett's scientific approach to tree care; but that was put on hold. After college Nick was commissioned as an officer in the United States Army and served four years. Nick served his tour primarily in Germany with one deployment to Iraq. After his service, Nick rekindled his passion for tree care by joining Bartlett as a Plant Healthcare Specialist and Climber. Nick recently moved into the position of Arborist Representative where he delivers the best possible solution for tree care and insect and disease management to his clients. Nick is an ISA Certified Arborist, Certified Tree Safety Professional and licensed Maryland Tree Expert. Nick truly enjoys helping people care for their plants and watching his clients' landscapes thrive.
